YES	NO	N/A	COMMENTS (if any)
-----	----	-----	-------------------

Does the city have recycling in place?				
---	--	--	--	--

Backstage Practices (check one)

Are there marked recycling bins in the dressing rooms and/or hallways?				
Are there energy-efficient lightbulbs in the dressing rooms?				
Are the dressing rooms on controllable thermostats?				
Are there motion sensors for lighting?				
Is there signage reminding staff to turn off lights/electronics?				
Are there water filtration systems instead of water coolers?				
Are there power strips to turn off electronics after the show?				
Is there a system to notify management of leaks & repairs?				
Is the air conditioning very cold during rehearsals?				

Front of House/Office Practices (check one)

Are there marked recycling bins in the lobby?				
Does the theater use eco-friendly cleaning agents?				
Do they have single-stream or post-collection separation?				
Does the theater use paper & tissue products with post-consumer recycled content?				
Are there power strips to turn off electronics after work?				
Do they recycle programs?				
Have they replaced the outside/lobby lights with energy-efficient bulbs?				
Do they recycle ink/toner cartridges?				

Theatre Commitment to Green

Does the theater have a sustainability program?				
If so, who runs it and what have they done?				
Does the theater participate in any composting programs?				
Does the theater communicate with subscribers by email?				
Does the theater buy in bulk to reduce shipping pollution & waste?				
Do they publicize their greening actions to their subscribers/audience?				
Do they provide incentives for carpooling, walking or biking to venue?
